LIP PLUMPER

Our Natural Lip Plumper is an oil based, all natural, paraben free product. The immediate plumping effect is initiated by NIACIN(Vitamin B) which increases the microcirculation and draws fluid to the lips. To get fuller lips long term, we added Dipeptides, which promote the Collagen synthesis to increase collagen level in the lips. These additional connective tissues will start to fill in after 30 days. Our lip plumper has also maximum moisture properties and act as a gloss.

Starting a cosmetics line is as easy as . . .

1 Log In

Log on to CPL website at www.cosmeticsprivatelabel.com Log in to your account or create a new account. Only members can see prices and deals on products.

2 Browse and Compile

Browse and add products to compile your cosmetics line. Before adding items to the cart, for most items, you will need to modify the item to suit your needs (product shade, Lid option, box option, Logo upload , etc...).

Enter the quantity and click "add to cart". Repeat this step as many times as needed to gather enough items for your cosmetics line.

3 Check Out

Go to your shopping cart to review your items and proceed to checkout. Fill out your billing information, shipping address and shipping method. Submit your payment with a credit card or paypal and that's it! Your cosmetics line is in production.
